PROFILE

As a Computer Science student in my third year of BTech at Muthoot Institute of Science and Technology, I am passionate about becoming a skilled developer in the tech industry. I aim to leverage my academic knowledge and practical skills to contribute effectively to software development projects. My goal is to continuously grow and refine my abilities in coding, problem-solving, and software design, with the aim of making meaningful contributions to innovative technology solutions

PROJECTS

Accident Detection System (in progress)

- Implemented an Accident Detection System leveraging IoT sensors. This system detects accidents, delivers real-time feedback to users' devices, and promptly alerts nearby individuals, ambulance services, police, and hospitals, thereby optimizing emergency response procedures.
- Technical Skills: Tableau, Overleaf, LaTeX
- Soft Skills: Design Skills, Time Management, Teamwork, Presentation Skills, Report Writing

Portfolio Website (in progress)

- Developed a Portfolio Website.
- Technical Skills: HTML, CSS, Python, Django
- Soft Skills: Design Skills, Time Management , Attention to Details.

Python-Django Web Application

- Developed a Python Django web application that allows seamless navigation across three interlinked pages, offering a foundational understanding of key web development concepts.
- Technical Skills: HTML, CSS, Python, Django
- Soft Skills: Design Skills, Presentation Skills, Report Writing.

Password Manager

- Developed a Password Manager system using , allowing users to generate strong passwords and securely store their login credentials along with the corresponding website URLs.
- Technical Skills: Python, MySQL
- Soft Skills: Design Skills, Presentation Skills, Report Writing, Time Management, Teamwork.

PROFESSIONAL EXPERIENCE

Finance Manager   2024 - PRESENT
IEDC MITS

Currently serving as the Financial Manager at the Innovation and Entrepreneurship Development Cell (IEDC) of Muthoot Institute of Technology and Science (MITS). In this role, I oversee financial planning, budgeting, and analysis to ensure the financial health and sustainability of our initiatives. I am responsible for managing funds, preparing financial reports, and advising on financial strategies to support the growth and development of innovative projects and entrepreneurial ventures within the organization.

Audio and Visual Specialist   2022 - PRESENT
MITS Media Club

Currently serving as an Audio and Visual Specialist at the MITS Media Club, where I manage and produce high-quality audio and visual content for various events. My role involves handling advanced audio-visual equipment, coordinating live event production, and ensuring optimal sound and visual quality to enhance audience engagement.

Media Lead   2024 - PRESENT
ACM Students Chapter MITS

Currently serving as the Media Lead for ACM MITS, where I oversee the planning and execution of media strategies, manage content creation and distribution, and enhance the organization's digital presence.

Secretary   2023 - 2024
IEEE SB MITS

Served as Secretary for the IEEE Student Branch at MITS from 2023 to 2024, where I effectively managed administrative tasks, coordinated events, facilitated communication among members, and supported various branch initiatives to enhance student engagement and professional development.
